Re: Notification on the Electrical Incident

KCE Electronics PCL would like to inform regarding the incident that happened at around 2 a.m. on 18 June 2017, at the new plant, Latkrabang Industrial Estate; there was an electrical short circuit at one of the Solder mask's oven, however the incident was suspended promptly. Such incident do not have any impact on the usual company's operations, and all other machines are running normally. Damage is being surveyed and assessed at the moment.

The Company's property is covered under the industrial all risks insurance, which includes the business interruption as well.

Forwarded for your information.

Sincerely yours,

(Mrs. V. Oratuksana Ongkosit)  
Executive Vice Chairperson
