Re: 1Q 2013 Operating Results

KCE Electronics PCL would like to inform you that the Company and its subsidiaries posted a consolidated net profit of Baht 271.85 million in 1Q 2013, an increase of 75.92% y-o-y compared to the net profit (restated) of Baht 154.53 million in 1Q 2012.

The Company's consolidated sales revenue increased to Baht 1,999.60 million in 1Q 2013, compared to sales of Baht 1,345.19 million in 1Q 2012 (USD 67.4 million and USD 43.6 million respectively). The quarter marked return to full operation after the plant was reinstated following the 2011 floodwater inundation, and was one of the best performing quarters ever. Compared to 4Q 2012, in dollar terms, total sales revenue growth was 10%, whereas PCB sales grew 13% over the same period, the result of increased use of production capacity at KCE Technology. Profitability improved strongly, the result of an increase in gross margin and continuing production efficiency in all plants. There was no recognition of insurance compensation in 1Q 2013.

Management foresees the next two quarters continuing strong, and all plants will be operated at full capacity.

Forwarded for your information.

Sincerely yours,

(Mrs. Voraluksana Ongkosit)
